

# ULTRA COOL CALIPERS

Rixon-973 coating on brake calipers give you the possibility to keep under control the brake fluid temperatures. After five years of endurance we can say that more cool is the brake fluid and much more efficiency you have on your brake system. From all of our driver the feedback is the same: "No more purge on brake system every session and the brake feeling still the same until the finish of race"

We see more. Lever is constant from lap 1 to end. No change in feeling. Good comments. We use for race tomorrow. 16:37

Bingo 16:38 ✓✓

Yes. Because was 50 deg! 16:38

132 std v 83 graphite! 16:39

Confirm with gun as well. 16:39
